

To Whom It Is Concerned:

My name is Jenny Weishaar and I listen to the K-Love radio station in Newberg, OR. This radio station keeps me connected to my fellow Christians from around the USA. The people here in Newberg and around the country can listen to Christian music on K-Love each day. Being able to listen to K-Love everyday is positive for the Newberg community because the music touches so many people in so many positive ways.

Switching to the LPFM would take away our ability to listen to the radio station that means so much to the people who listen. Please don't switch to the LPFM broadcast system. Thank you.

Jenny Weishaar
